High Performance & Excellent Reliability

SPR-E20-435-COM

High Efficiency⁶

Generate more energy per square foot

E-Series commercial panels convert more sunlight to electricity by producing 31% more power per panel² and 60% more energy per square foot over 25 years.^{2,3,4}

High Energy Production⁷

Produce more energy per rated watt

More energy to power your operations. High year-one performance delivers 7-9% more energy per rated watt.³ This advantage increases over time, producing 20% more energy over the first 25 years to meet your needs.⁴
